Cable Address,

"GRACE"

New York, June 27th 1889

To the Director of the U. S. Mint
Philadelphia, Pa,

Dear Sirs,

We have received from the Lima Mint some orders for punches, required for making matrices for coining. They wish of course to have particular care taken in the manufacture & request us if possible to procure them from the Letter cutter in the U. S. Mint. -

In case this can be done, will you kindly inform us by return mail and we will send you samples of the coins. - If you cannot undertake this work, you could perhaps give us the names of one or more thoroughly competent and reliable makers. -

Awaiting your reply, we are,

Yours respectfully
W. R. Grace & Co
